

WSSL has 45 minute halves pay is \$70 per team divided \$60-\$40-\$40 and it is cash at the field. (Two officials get \$60 apiece). It is adult men. The updated rain number is 443 974-0115 or 443 605-2262 and ask for Luis.

Here is a review of procedures for the matches-

- 1) At the posted game start time the referee will blow his whistle and start the clock. If teams are not ready with seven properly equipped and attired players, the referee will note which team delayed and how long it took to get ready.
- 2) Fees of \$70 per team must be paid to officials BEFORE play commences.
- 3) Each team must provide a roster of its players by name and number to the referee for reporting purposes.
- 4) The teams all have photo i.d. player passes that must be presented to an official, and match the name and number on the roster, before that player may enter the game.
- 5) Officials will turn in rosters (fold them together) in the gray lock box at the food tent. The rosters will have serious injuries, cautions, send offs, goal scorers, and the final score written onto them by the referee. If there is a sendoff, keep the pass and fold it in with the rosters and drop them all into the lock box. Otherwise, return the passes post-game.
- 6) Loud and demonstrative dissent or referee abuse will not be tolerated. If an official feels threatened the game is to be terminated!
- 7) Just as disrespect to an official will not be tolerated, understand that the lines of communication run two ways and despite the emotions we all have coursing through us - WE AS OFFICIALS SHALL NOT BE DISRESPECTFUL TO PLAYERS! Use your whistle, cards, and authority to suspend or terminate a game. I am offering the teams an opportunity to provide feedback about our officials.
- 8) At least two teams have yellow jerseys. Please bring alternate jerseys
